NATIONAL VOLUNTEERS FIGHT SINN FEINERS

LONDON, April 26.-A German raider involved in the attempt to land troops and ammunition on the coast of Ireland last Friday morning was blown up by her crew after she was captured, Lord Lansdowne announced this afternoon in the House of Lords.

The raider was disguised as a Dutch trader instead of as a Norwegian, as was originally reported. Sir Roger Casement and two companions Zeppelin raiders, darted toward Zee- made their escape to shore from the German submarine accompanying the raider in a collapsible boat, but were later captured.

Martial law has been proclaimed in Dublin County and Dublin City and environs are under the control of British troops who were hurried to aeroplane, armed with cannon, fired the scene of Monday's revolt from Belfast and Holyhead.

Reports reaching here from New York that pro-German Irishmer there had stated that Lord Wimborne, Lord Lieutenant of Ireland, and type was brought down in an aerial members of his staff had been captured by the revolutionists and were being held as hostages were disproved to-day. The following telegram was received in London this afternoon from Lord Wimborne:

Premier Asquith announced in the House of Commons to-day that the Government has completely routed the rebels from positions they seized at the beginning of the uprising in St. Stephen's Green, a park in the heart of Dublin, and in houses at strategic points commanding docks and public buildings. Liberty Hall, the headquarters of the Sinn Fein Society, a Separatist organization, is also in the hands of the troops,

Reports that the rebels were armed with machine guns were denied by Premier Asquith. He announced that the Nationalist Irish Volunteers who are loyal to John Redmond aided the Dublin authorities in putting down the riot and that many citizens of Dublin also joined the troops in attacking the revolutionists:

The Sinn bein organization has been declared an illegal body. Members will be dealt with accordingly, Mr. Asquith told the House of
